Joyce Golbus Poll, Principal, J.G. Poll & Associates

J.G. Poll & Associates is a full service proposal writing firm, offering comprehensive and competitive writing services. Joyce Golbus Poll began her resource development career in 1992 and holds an extraordinary wealth of skills, with particular specialization in the fields of health and disabilities, children and youth, and social and human services. Her unique blend of three backgrounds – as a chief executive officer, as a fundraiser, and as a program administrator – gives clients a clear-cut advantage when it comes to grant writing.

Joyce's passion for the field has been integral to her accomplishments. Early in her career, she began one of the first infant-parent centers in Illinois for children under 3 years of age with special needs; this program is still in operation. She continued from that point forward to achieve significant success in securing funding for high-profile initiatives. Joyce specializes in securing funds from federal grantors, as well as private and corporate foundations. She works with community-based organizations, hospitals and health systems, and government agencies, alike.

Joyce has been a member of the Association of Consultants to Nonprofits (ACN) since 2004, and has served as its President.
