Logic Model Template

What We Invest	What We Do	What We Achieve			What Success Is
Inputs	**Activities with Outputs**	**Outcomes**			**Impacts**
		Short-Term	**Intermediate**	**Long-Term**	
Resources we have (need) to provide the planned service(s)	The service(s) we provide participants, including for how many, how often and how long	Changes for participants that are direct result of service(s) and can be identified during service provision	Changes for participants that stem from short-term outcomes and can be identified during / soon after services	Changes for participants that stem from intermediate outcomes and may take longer to be identified OR changes for people with whom the participant works	Condition / state of being that is hoped for as a cumulative, sustained effect of outcomes
(e.g., staff, facilities, partners, volunteers)	*(e.g., activity name for ## people for ## times/ length of time)*	*(typically direct participant knowledge, skills &/or attitudes)*	*(typically direct participant behavior, practice)*	*(typically direct participant or indirect participant behavior, practice)*	*(typically system-level conditions)*
